

## Call for Symposia Proposals

Submission is now open for proposals for symposia to be presented at the APSA 2025 Annual Conference in Adelaide from 7 – 10 December 2025.

The theme of the conference is *'Advancing Together: Science, Practice and Education in Health'*.

### Symposium Format

Each symposium will run for 1.5 hours and is suggested to incorporate three speakers, each with an allotted presentation time of 20 minutes plus 5-10 minutes to allow audience members to ask questions of presenters and for an exchange of views.

Conference symposia are expected to be of interest to APSA members, presenting research that integrates one or more of the APSA streams of pharmaceutical sciences, pharmacy practice and pharmacy education.

### Conference Registration and Travel Expenses

If your proposal is successful, the symposium applicant, chairperson and speakers will be required to register for the conference; full and day registrations will be available via the online registration portal. Registration costs and travel expenses are the responsibility of the individual symposium presenters. Dedicated symposium sponsorship to support presenter costs is encouraged and will be viewed favourably in the symposium review process. Symposium sponsors will be acknowledged in the conference program and during the symposium presentation.
